Subject: Support of birth control access for all women

Dear Kathleen Sebelius, Secretary of Health & Human Services,

I celebrate the Department of Health & Human Services' decision requiring health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012!

Birth control is a critical part of preventive care. Making contraception available to all women, regardless of their insurance or ability to pay for it, will significantly reduce long-term health care costs associated with unplanned pregnancies.

Thank you, thank you, thank you!

Sincerely,

Joan Walker
